

DEVOLD® SPIRIT

FLAME RETARDANT DUAL WOOL / LENZING BLEND

DEVOLD® SPIRIT from Lenzing FR® and merino wool is a dual layer underwear that reduces the risk of 2nd and 3rd degree burn injuries considerably. Good protection, excellent design and a lightweight fabric, makes this the most advanced flame retardant underwear at the market. Lenzing FR® reduces the risk of heat stress, and has very limited shrinkage caused by heat. The knitting structure in combination with merino wool, results in garments that absorbs and transports moisture from your body to the outer layer where it evaporates.
