

DEVOLD® NIBBA

MERINO WOOL

DEVOLD® NIBBA - is a range of mid-layer garments with an excellent warmth-to-weight ratio, made from 100% Merino wool. The soft brushed Merino inside layer has excellent insulation properties, as the fabric provides great space for warm air to circulate close to your body. The jacket is designed to follow your body's movement and the fabric is bias-cut for natural flexibility and stretch. Chest pocket with zip - High collar with shaped hood and chin guard on zip. - Raglan sleeves (with thumb holes) Brushed inside provides extra comfort and insulation. High warmth-to-weight ratio. Moisture wicking. Naturally odour-resistant Optimal freedom of movement.
